FLOORING

FARMHOUSE

Reflecting life's simpler side. Exclusive to Divine Flooring.

The natural warmth and rustic character of this bold, engineered flooring collection and is hugely popular today for every type of décor... from traditional to country to vintage to modern and even wall planking. The heavily brushed, white oak planks, with their natural oiled surface, and distinctive wood grain, knots, fissures and minerals deposits, add a strong, irresistible personality to any interior. Available in warm earth tones ranging from mid to deep, this sophisticated yet casual flooring is as honest and real as it is elegant.
