

D

DIVINE
FLOORING

Casual. Natural.

This hugely popular engineered hardwood flooring, with its 4" wide and 3/4" thick planking, has the look and feel of natural hardwood, but with 7 times the stability, making it highly resistant to climate change and water damage. Available in maple or white oak, smooth finished and re-sandable, the collection's clean character and natural earth tones reflect the Rockies landscape... a splendid complement to any interior.
